TY MONTGOMERY

Computer Science Student | Cybersecurity / Penetration Testing
Coral Springs, FL | 954-803-6555 | Tydominicmontgomery@gmail.com | GitHub | LinkedIn

Professional Summary

Computer Science student at Florida Atlantic University with a 3.8 GPA and a focus on cybersecurity and penetration testing. Hands-on experience through CTF competitions, collaborative technical projects, and AI-powered prototyping. Strong problem-solving, communication, and teamwork skills.

Education

Florida Atlantic University — Boca Raton, FL
B.S. in Computer Science, Cybersecurity Focus — *Expected Graduation: 2028*

- GPA: 3.8
- Cybersecurity-focused coursework and extracurricular activities

Extracurricular & Activities

FAU Cybersecurity Club | *Member*

- Participate in cybersecurity activities and CTF challenges to develop practical security analysis and troubleshooting skills.

SFISSA Chili Cookoff & CTF Competition | *Winner*

- Won the CTF competition with the FAU Cybersecurity Club through collaborative technical problem-solving.

UCF HPPC4 Blue Team Cyber Challenge | *Participant*

- Hunted suspicious Linux services and listeners; traced a root-level socat shell on TCP/7777 to a systemd unit and disabled it.

ShellHacks 2026 | *Participant*

- **Plant Identification Cyberdeck:** Built a Gemini API-powered prototype using a webcam to capture plant images, identify species, and assess potential plant health issues.

ShellHacks 2024 | *Participant*

- Collaborated with teammates on software development and technical problem-solving at FAU's hackathon.

Community & School Programs | *Volunteer*

- Supported community food drives, event setup, outreach, and academic club promotion.

Technical Skills

Cybersecurity: Threat Hunting, Log Analysis, Incident Response, Persistence Investigation, Firewall Analysis, CTFs
Programming: C++, Python, SQL, HTML/CSS, VHDL
Tools / Platforms: Linux, PowerShell, Git, VS Code, SQLite, Gemini API
AI / Prototyping: AI API Integration, Webcam Image Capture, Image-Based Identification, Prompt-Based Analysis
Professional: Problem Solving, Teamwork, Communication, Customer Service, Time Management, Adaptability

Work Experience

Old Time Pottery — September 2025 – Present
Cashier / Sales Floor Associate — *Coral Springs, FL*

- Process transactions accurately using POS systems; assist customers with questions, returns, and exchanges.
- Maintain organized checkout areas and support daily store operations.

Chicken Salad Chick — February 2023 – 2025
Sandwich Artist — *Coral Springs, FL*

- Prepared orders efficiently while maintaining cleanliness and food-safety standards.
- Collaborated with team members to maintain efficient operations during peak periods.

Additional Development

- Working toward the Google Cybersecurity Professional Certificate.
- Active participation in cybersecurity competitions and technical projects.
